

# SAFETY PROCEDURES

**INSTRUCTOR:**  
Lisa Houston

Lisa Houston is an industrial safety consultant specialist with the BWC. She received a Bachelor of Science degree in Business Administration specializing in risk management and insurance from the Ohio State University (OSU). After graduating from OSU, Lisa became a safety consultant specialist. She performs safety consultative services in a wide range of industries and topics; including safety management, leadership development, cultural change, onsite visits, safety training, and safety program review.

## Emergency Action Plan – What are some key elements?

**1:30 p.m. -2:30 p.m.**  
5.28.2020

This course is designed to help participants in identifying the key elements in an emergency action plan. Topics address a systematic approach to creating a plan that can be applied immediately. Topics include key elements of an emergency plan, how to prepare for workplace emergencies, a structured approach to emergency preparedness planning, and tools to develop an emergency plan.
