

Our small business community has been hit hard by mandatory closures and safety measures required to slow the spread of the coronavirus (COVID-19). Many business owners are struggling to cover their bills and are asking for help and wondering what they can do.

Along with over 200 Chambers of Commerce in the State of Ohio, we offer the Chamber Energy Program to our members to help reduce their utility costs. On average, members are saving 15-20%.

Learn how to reduce your costs so you can immediately put money back into your business.
